Aug 2017 — May 2019

In matriculation, I obtained 91% marks. Completed matriculation in 2019.

Skills/Interests

Programming and IT: -

C++, C#, Html, CSS, JavaScript, Python and Assembly language

- It has been almost 2 years since I have been programming in C++ language. Thus, throughout this period my skills in the respective programming language have been polished. I have also created some projects (mentioned in Projects section).
- In the past year, I have learned different programming languages including Html, CSS, Javascript, Python and Assembly language.
- Using Cisco Packet Tracer, I have also designed network topology of an inter-city communication network.
- Studying in the most renowned institute known for its excellence in IT fields. I have developed keen interest in the programming field. Since, programming is the main domain of my studies, I am utmost willing to learn more in the field.

Mathematics and Calculations: -

I have always been fond of calculations and mathematics. Through my resume and my study career it is quite evident that I mostly got an A or A+ in any subject that involves calculation.

Non – Technical Skills: -

- Leadership
- Team Work
- Creativity
- Communication
- Project Management
- Sports
